Number of packs on pallet	60 pcs
Gross weight of pallet	915 kg 2017 5/22 lb
Application class.....	33
Bevel.....	4V
Lock system	UNICLIC
Surface structure	T (Rustic)

Due to the technical features of the flooring the decor images in this catalog may vary slightly from the decor of the actual laminate flooring.

«Simplicity is genius»,

This is what we say about things that can easily change our lives for the better. We are used to having refrigerators, running water and fountain pens, things that were innovations in their day, and which changed our daily lives. Today transforming your interior with laminate flooring can be as simple as using a vacuum cleaner. Lighters, toothbrushes, cameras, these are all things, just like Floorpan laminate, which have proven that change for the better can be found in simplicity.

To inspire you to make positive changes to your life, we offer you our special collections: a collection of stories about useful inventions, and the KASTAMONU Floorpan laminate flooring collection. We believe that living better is easy and we are here to help you achieve this.

Ahead of its time

The first zipper appeared in the late XIX century. The invention was so unusual that buyers were given special user instructions with each purchase.
