## Healthy Living Spaces with the Laminate Flooring Collections Having Hygiene+ Feature

To live a healthy life, It is extremely important to have living spaces that are clean and free from bacteria. Manufactured with advanced technology, all the products in our laminate flooring collections with Hygiene+ feature leave no space for bacteria to reproduce. Bacteria and microbe can be transferred to the flooring via shoes, spilled liquids, pets and other sources. However, the Hygiene+ feature does not allow bacteria and the microbes to reproduce. Both you and your loved ones' health are protected.

The results of tests conducted on our laminate flooring collections with Hygiene+ feature have proved that the bacterial activity expected to be seen is blocked up to 99.9% within 24 hours.

(Tested according to ISO 22196)

## Worlds First Eco Label “Blue Angel” Belongs to Floorpan for the First Time in Turkey
