

Production process regarding formaldehyde emissions and “REACH” requirements

Issued to**Kastamonu Bulgaria AD**

Shipchenska Epopeya Str. 24, Region Pavel Banya, BG-6151 Gorno Sahrane, Bulgaria

manufacturing site

same as above

Production

Production process for the manufacturing of composite wood product Particle Board in range 8-38 mm.

Certificate

The production process described above complies with the requirements of RISE SPCR 020, *Certification rule for verification of production processes regarding formaldehyde emissions and REACH* (Registration, Evaluation, Authorisation and restriction of CHemicals). By this the manufacturer has the capacity to control the level of formaldehyde emissions from products produced in the certified production process.

Marking

The marking must meet the requirements according to SPCR 020 section 3.10.

Validity

This certificate is valid until not longer than 2031-07-27. The validity of this certificate can be verified at RISE homepage.

Miscellaneous

The manufacturer's in-house inspection is under surveillance by RISE in accordance with section 4 and 5 of SPCR 020. Other terms and conditions are set out in SPCR 020 section 6.
